

Rootainers™ Specifications

Rootainers are the perfect start for nearly all plants, and especially those that are sensitive to disturbance and require deep root runs. Ideal for growing on seeds, seedlings, plugs and cuttings. Our recommendations for sizes and uses are general guidelines and not set in stone.

Rapid 36 x 21 x 9cm

32 cells/tray (8 books)
Depth 8cm
Volume 115cc
Ideal for salads, herbs, bedding plants and cuttings.

Slim 36 x 21 x 9cm

50 cells/tray (10 books)
Depth 10cm
Volume 100cc
Ideal for narrow leaved plants, conifers, leeks asparagus and onions.

Deep 36 x 21 x 9cm

32 cells/tray (8 books)
Depth 12cm
Volume 175cc
The rootainer workhorse- Suitable for nearly all plants, trees, shrubs, fruit and veg.

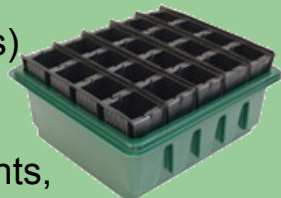

Maxi 43 x 26 x 13cm

40 cells/tray (10 books)
Depth 20cm
Volume 350cc
For broadleaved trees grown on longer cycles, to larger saleable sizes. For plants destined to dry sites, and for prize Winning plants.

Compact Rapid 24 x 22 x 9cm

20 cells/tray (5 books)
Depth 8cm
Volume 115cc
Ideal for bedding plants, salads, herbs, and cuttings.

NOTE: The compact tray is smaller than the original tray. The books are held in their own slots, allowing spacing out to give plants more room as they grow.

Jumbo (Single Cells)

Individual cells (No tray)
Depth 25cm
Volume 1000cc
The largest Rootainer, used for a variety of specialist projects. Popular in dry regions for developing superb root depth, and for long-term growth.

Rootrainer Specifications										
TYPE	CELL DEPTH CM	CELL WIDTH		VOL	CELLS PER BOOK	BOOKS PER TRAY	CELLS PER TRAY	CELLS PER M ²	CELLS PER CASE	BOOKS PER CASE
		MM	INCH
