

Natural Bamboo

Gardeners are increasingly ecologically conscious, looking for natural alternatives. Here is a fantastic range of environmentally friendly, practical garden structures and supports to create a distinctive and natural look in the garden. Made from sustainable bamboo resources and treated with natural oils for longer life, all products are supplied flat packed for easy assembly and with strong push-fit, flexible plastic joints.

Long Fruit Cage

- For rows of fruit bushes, with easy access at each end

Round Fruit Cage

- For individual fruit bushes, keeps out birds and other marauders

Both cages are made up of lightweight, straight and curved steel poles, 15mm polyethylene mesh, flexible long lasting push-fit joints, ground pegs to fix the frames in place and includes quick and easy assembly instructions.

Natural Bamboo Display Stand

New tunnel hoops and fabrics merchandiser – see page 24 for details

Tunnel Hoops

- Creates tunnel cloches for protecting crops
- Use with polythene, fleece or netting fabrics and pegs for securing

Due to the seasonality of the specific type of bamboo we harvest and our current strict raw material guidelines, orders need to be placed by 31st October.
