

Steel Fruit Cages & Growing Frame

Designed to be easy to use, sturdy and versatile, our new range of tubular steel cages and supports will appeal to gardeners looking for a more decorative solution.

NEW
FOR
2012

Long Fruit Cage

- For rows of fruit bushes, with easy access at each end

Round Fruit Cage

- For individual fruit bushes, keeps out birds and other marauders

Both cages are made up of lightweight, straight and curved steel poles, 15mm polyethylene mesh, flexible long lasting push-fit joints, ground pegs to fix the frames in place and include simple assembly instructions.

Pea & Bean Frame

This easy to install growing frame is perfect for gardeners that require a versatile climbing vegetable support. Also ideal for sweet peas and other climbing annuals. Pack includes 12 straight steel poles, 10cm netting, flexible push-fit joints, ground pegs and simple assembly instructions
